A person shall become eligible for nomination for Life Membership after being a member of the Association for not less than 10 years providing that: -

- a) The member's service has been continuous;
- b) The member has been an active member of the Committee on at least five occasions or held an active non-Committee position appointed by the Committee on at least five occasions, and be deemed to have made a significant contribution to the Association;
- c) No member's service shall start before the age of 18, although duties performed prior to this age may be taken into consideration;
- d) Any nominations for Life Membership must be made in writing to the Committee one month before the AGM and supported by a history of the person's service and be endorsed by two financial members of the Association;

- g) The members will cast a vote at the AGM by secret ballot, not a show of hands;
- h) As a Life Member of the Association, the yearly membership fee is waived.
